Accessing Airhead

Open your browser, and search for : **gat.airhead.io** This should bring you to this website. Click the sign in/ log in button. *It is extremely important that you type the above into you browser as if not you will not get permission to access the GAT site.*	
From this next page, you will need to find our school. Begin typing **Green Oaks Primary Academy** into the box, and our school will appear.	
You will need to type in your school email and password. This will then take you to your home screen, where you can access your launchpads (you may need to float over the word Launchpad and then select your name). Here you find your Class Notebook, Mathletics and Purple Mash.
